

APRIL 2022 CAMPOUT

The April camp out was at Lake Cachuma in Santa Ynez. There were a total of 15 RVs with the majority of the folks arriving on Thursday April 14th. I think I would like to refer to this as the stay in Gopher Gulch since every site from 132 through 149 was full of gophers. Overall, they were entertaining to watch as they popped up from their holes. The weather was cool but windy in the afternoon and we even got a little rain on Friday then again on Sunday early morning. The lake has a lot of amenities one of which is the new restaurant called Hook'd. A number of us tried it out and the overall impression is that the menu is good. They also had a band in the afternoon on Saturday which I heard was great as well. We also had surprise visit from the Chairman of our Touring Club Marty Olguin and his wife. They popped in and stayed a while to socialize. I think our two clubs are going to get together some time in the near future so stay tuned. Saturday morning we had our usual pastries along with Moe's bar which served up cocktails. Around noon Moe fired up the hotdog steamer which by the way he got from none other than Nancy Sinatra. Saturday evening, we had our potluck dinner along with a 50/50 draw. The highlight was our Sheriff Luanna Moon and her muscle Judy Nadeau who went among the group and fined just about everyone for something silly. Everything tapered down with cocktails in the evening around the fire pit. Sunday morning, we packed it up just the end of another fun and successful trip.
